

U. S. GUNS NOW ON WAR FRONT BIGGEST YET

Built by Navy and Operated by Marines on Land.

America's big guns are now in action—the biggest guns on the Western front!

They were built by the navy, are mounted on railway cars, and are operated by marines in khaki.

They are the 16-inch guns of Uncle Sam's biggest battleships, adapted to land operations.

Each gun throws a shell weighing 1,600 pounds, and throws it farther than will any gun the Germans possess, except the siege-gun that is bombarding Paris.

That gun, "Big Emma," as the French call it, is built on a fixed emplacement and is practically immovable.

The big guns fly hither and thither quickly. They go wherever tracks are laid, from one sector to another, as the demand calls for them. The Germans may spot them where they were yesterday; they are somewhere else today. They'll be yet elsewhere tomorrow.

Presence of these great American guns in France accounts for the recaptured accounts of the "great ghostlike disappearing and flitting guns" behind the American lines.

Just how many of these guns there are is a military secret.

Each gun is a complete unit, having, in addition to the car on which it is mounted, an ammunition car, a shop and repair car, a provision and kitchen car, with a couple of cars for quarters for officers and men. And of course there is a locomotive. With this equipment the gun unit is independent of any other branch of the service for support in the way of ammunition or provisions.

Knock out the Germans.

The value of the big gun is twofold. The long range makes it possible to reach vital points behind the German line where ammunition is stored or concentration is going on. It makes possible boring into trench positions which would be impervious to small shells, but which the huge 1,600-pound shell reaches and destroys.

The fact that the navy is operating with big artillery on land is surprising. Here is why:

When the war broke out Gen. Crozier of the Army Ordnance Department threw up his hands and admitted his inability to deliver big guns by this summer.

One of the men of the Naval Advisory Board was S. M. Vaulchain, of the Baldwin Locomotive Works. Vaulchain did not throw up his hands, but undertook to build large caliber guns for use on land, to mount them on cars for quick movement by rail, and to do it within 12 months.

He was told by Secretary Daniels to go ahead. And he has made good.

ALICE PAUL DEMANDS SUFFRAGE RIGHT NOW

Says President Can. But Won't Force Congress.

The National Woman's party yesterday began what it terms a "final campaign" to get the administration to put through the Senate the suffrage amendment. Miss Alice Paul, chairman of the party, returned from the New York State convention with a list of more than 2,000 women made to the suffrage officers. She said President Wilson had the power to put over the amendment.

The delay in the Senate is inexplicable to everyone apparently, she added. "The Senate now has the whole summer to consider this measure," she said. "It is not enough to say that it should devote the whole summer to it. The amendment is going through. The waste and injustice of the present delay grows intolerable."

For President Wilson to endorse the measure might have been enough to satisfy people at the beginning of his administration, but having watched him at work they know that what he actually wants from this party is to get it.

Women munition workers in Connecticut and Massachusetts have formed delegations to appeal to other women war workers, to the President for the recognition of citizenship.

SECRETARY LANSING CHANCELLOR AT UNION

Schenectady, N. Y., June 2.—Secretary of State Lansing will be honorary chancellor at the 12th commencement exercises of Union College, to be held here June 5 to 10, Gen. Peyton C. March, chief of staff, will be the guest of honor at the exercises, and Dr. Charles Alexander Richmond, president of the college, will deliver the baccalaureate sermon.

Trig Gen. Amasa J. Parker, 82, will be the grand marshal of the parade, to be made up of reunion classes and the "Old Guard" that will be held Saturday, June 8, "alumni day."

The commencement season will hold away until Monday, when, following the cap and gown procession, Secretary Lansing will deliver the chancellor's address and degrees will be conferred by President Richmond.

Sleepless Man Steps Through the Skylight

Baltimore, Md., June 2.—Unable to sleep on account of the heat wave which swept the city, William Campbell, 45 years old, Bristol, Pa., who spent the night at 48 Market place, got up shortly after 2 o'clock this morning and wandered out on the roof.

Campbell stepped through a skylight and is now lying on a cot at Mercy Hospital with a badly lacerated head and numerous cuts on his body.

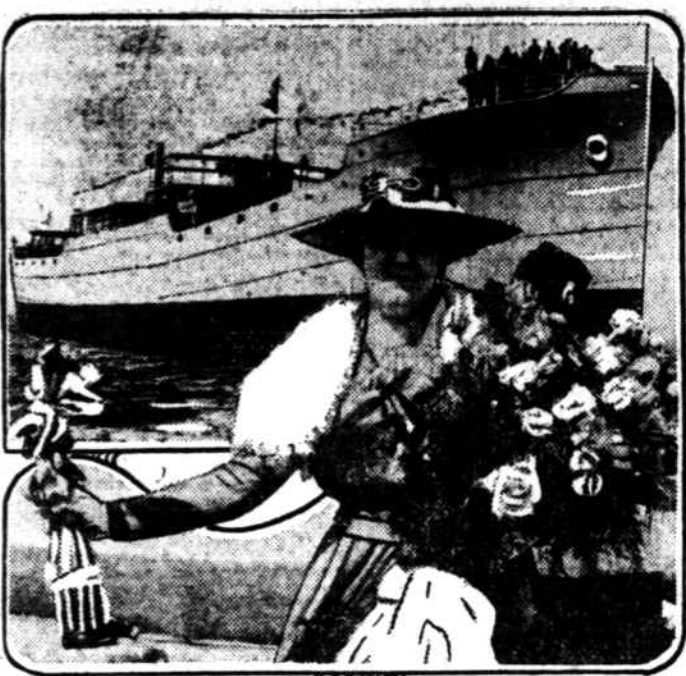

THE TOWN CRIER.

Washington Poole Zionist Circle will elect officers at a meeting at 8:15 o'clock tonight in its club room, 1416 Sixth street northwest.

Association of Old Soldiers will hold its regular monthly meeting Wednesday night, 7:30 o'clock, at the Union Engine House, Ninth and H streets northwest.

United Daughters of the Confederacy will celebrate the birthday of Jefferson Davis at the Mount Vernon Place Church at 8 o'clock.

"Two a Day!" Watch 'Em Splash. Western Shipyards Sash the Kaiser

The West is astounding the world by the way it is breaking long-standing ship-building records. And that's the best answer to the query as to whether the Pacific Coast has its heart set on winning the war. In the recent launching of the 8,800-ton steel steamer, West Liana, at Seattle, two records were shattering. For the ship slid into the water in fifty-five working days after her keel was laid, and she was turned over to Uncle Sam and began loading a cargo twenty days after that. The West is setting the pace for the "two-a-day" program of the United States Shipping Board and Emergency Fleet Corporation, and Seattle leads the West. The challenge issue by the Pacific has been taken up by the Atlantic and the Great Lakes shipbuilding yards. And that's going to make the Kaiser's U-boats work over union hours, as the big wooden, steel and concrete freighters splash in quick succession into the waves. Here's the record ship, West Liana, and her sponsor, Mrs. Ethel F. Knoff.

P. E. SCHOOL ANNUAL EXERCISES THIS WEEK

Prominent Clergy to Attend from Many Cities.

THE HERALD BUREAU, R. E. Knoff, Sec'y, 821 King Street, Alexandria, Va., June 2.—The annual baccalaureate sermon to the Protestant Episcopal High School and the Episcopal Theological Seminary of Virginia, both of which are located in Fairfax County, several miles west of this city, was delivered Thursday and Friday in the chapel of that institution.

The Episcopal High School of Virginia will hold its annual seventy-ninth annual commencement exercises at 10 o'clock Tuesday morning in the chapel of that institution, and at 3 o'clock tomorrow night the annual joint debate between the Fairfax and Blackford Literary societies will be held in the same hall.

The ninety-fifth annual commencement exercises of the Episcopal Theological Seminary of Virginia will take place Thursday and Friday in the chapel of that institution.

Exercises on Thursday will take place beginning at 10 o'clock, at which time the centennial celebration of the "Protestant Episcopal Church in the United States of America" will be observed by the Rev. W. Page Dame, of Baltimore.

FLEET CORPORATION MOVES ITS WORKERS

All Employees to Be in Philadelphia Thursday.

Transportation of the Emergency Fleet Corporation from Washington to Philadelphia is proceeding rapidly. About 650 of the employees are already in the latter city and will begin work this morning in the new offices of the Fleet Corporation, 140 North Broad street.

One hundred and seventy of the employees left Washington yesterday for Philadelphia attached to a train for Philadelphia at 11 o'clock in the morning and about as many more will leave at the same time tomorrow.

More of the employees will go on Wednesday and Thursday, by which time it is expected that the movement will have been completed.

Irish Deplore Use of Green Paint on Germans

Connellsville, Pa., June 2.—Irishmen in this place are protesting against the use of green paint on the bodies of pro-Germans. When a foreigner here refused to buy a liberty bond and denounced the United States he was given a coat of the paint.

and gave himself up to the police. Bolling told the police that Blackman had threatened him and this afternoon met him, and fired, missing him, whereupon he pulled out his pistol and shot Blackman through the forehead, claiming self-defense. Bolling has retained Attorney Robinson Moncreux to defend him. The body was removed to Darnley's chapel, where an inquest will be held.

Samuel L. Monroe, 62 years old, died at 7 o'clock this morning at his residence in the Wagar apartment. The deceased was a well-known real estate dealer. He is survived by his wife, Mrs. Frances Monroe.

Mr. Monroe for a number of years was engaged in the commission business in this city and later became deputy collector of internal revenue here. For several years he was with a local banking institution. Later he embarked in the real estate business, which he continued until his death.

Mr. Monroe was a member of the city school board from the Second ward. For many years he was an active member of the old Alexandria Light Infantry, and also served as tax assessor for the city.

The body was removed to the home of his sister, Mrs. Robert L. Garrett, 504 North Washington street, where the funeral will take place at 10:30 o'clock Tuesday morning. Mr. Monroe was a member of Alexandria Lodge No. 758, Benevolent and Protective Order of Elks, and Oriental Lodge, Knights of Pythias.

There will be a community sing at 8 o'clock on Tuesday night at 8 o'clock, at which time a number of matters of importance will be up for consideration.

There will be a community sing at 8 o'clock Monday night in Christ Church yard, under the leadership of Gordon M. Reese. The Marine Band, Camp Quantico will furnish the music.

Excited Over Baseball, Lets Prisoner Make Dash

Caldwell, N. J., June 2.—Realizing that the opportune time to make a dash from the Essex County penitentiary was during an exciting baseball game, when the gatekeeper was interested in the game rather than his duty, John Beresky succeeded in getting several blocks from the penitentiary before he was finally captured and brought back.

RUPTURE KILLS 7,000 ANNUALLY

Seven thousand persons each year are laid away—the burial certificate being marked "Erupture." Why? Because the unfortunate ones had neglected themselves and had been merely taking care of the sign (swelling) of the affliction and paying no attention to the cause. What are you doing? Are you neglecting yourself by wearing a truss, appliance, or whatever name you choose to call it? At best, such makeshifts are a false prop against a collapsing wall and cannot be expected to act as more than a mere mechanical support. The bladder pressure retards blood circulation, thus robbing the weakened muscles of that which they need most—nourishment.

But science has found a way, and every truss sufferer in the land is invited to make a dash test right in the privacy of their own home. The PLAPAO method is unquestionably the most scientific, logical and successful treatment for rupture that the world has ever known.

The PLAPAO PAD when adhering closely to the body cannot possibly slip or shift out of place, therefore, cannot chafe or pinch. Soft as velvet—easy to apply—inexpensive. To be used whilst you work and whilst you sleep. No straps, buckles or springs attached.

Learn how to close the hernial opening as nature intended so the rupture CAN'T come down. Send your name and address to PLAPAO CO., Block 20, St. Louis, Mo., for FREE trial Pads and the information necessary.

U. S. EXPLAINS REGISTRANT'S QUESTIONNAIRE

Wednesday's Enrollment of Men Twenty-one Since June, 1917.

The United States government has given complete instructions in regard to the registration of youths who have reached the age of 21 since last June 5 that is to take place on Wednesday of this week. Following is an explanation of the questions asked on registration day.

The Questions.

1—NAME IN FULL AGE IN YEARS.—Give your first, middle and last name, and your age in years, disregarding months, weeks and days.

2—HOME ADDRESS.—Give the street and number, the village or city, and the county and State in which you reside, as "223 Main street, Chicago, Cook County, Illinois," or "R. F. D. No. 2, Jonesville, Ohio."

3—DATE OF BIRTH.—Give the month, day and year of your birth. To be required to register you must have been born in 1896, in a month and on a day subsequent to June 5, or in 1897, in a month and on a day prior to or on June 5 of that year.

4—WHERE WERE YOU BORN?—First give the city or town; then the State or nation; as "Columbus, Ohio," "Vienna, Austria," "Paris, France," "Sofia, Bulgaria."

5—ARE YOU (1) A NATIVE OF THE UNITED STATES? (2) A NATURALIZED CITIZEN? (3) AN ALIEN? (4) HAVE YOU DECLARED YOUR INTENTION TO BECOME A CITIZEN? (5) OR ARE YOU A CITIZEN OR NONCITIZEN INDIAN? (SPECIFY WHICH.)

(1) If you were born in the United States, including Alaska and Hawaii, you are a native of the United States, no matter what may have been the citizenship or nationality of your parents. If you were born abroad you are still a citizen of the United States if your father was a citizen of the United States at the time you were born, unless you have expatriated yourself.

(2) You are a naturalized citizen if you have completed your naturalization; that is, if you have taken the papers. But you are not a citizen if you have only declared your intention to become a citizen (that is, if you have only "taken out first papers").

(3) You are also a naturalized citizen if, although foreign born, your father or surviving parent became fully naturalized while you were under 21 years of age, and if you were in the United States at the time you attained the age of 21.

(4) You are a declarant if, although a citizen or subject of some other country, you have declared before a naturalization officer your intention to become a citizen of the United States. Receipt from the clerk of the court of the certified copy of such declaration is often called "taking out first papers."

(5) An Indian is a citizen if (1) he, or his father or mother, prior to his birth or before he attained the age of 21, was allotted prior to May 8, 1906, (2) if he was allotted subsequent to May 8, 1906, and received a patent in fee to his land; (3) if he was residing in the old Indian Territory on March 3, 1901; (4) if he lives separate and apart from his tribe and has adopted the habits of civil life.

(6) If you do not fall within one of the four classes above mentioned, you will state that you are an alien.

IF NOT A CITIZEN, OF WHAT NATION ARE YOU A CITIZEN OR SUBJECT?

This need be answered only by those who are classified as aliens or declarants. If an alien or declarant, state the name of your country, as "France," "Great Britain," "Germany," etc.

7—FATHER'S BIRTHPLACE.—First name the city or town, then the State or nation; as "Cincinnati, Ohio," "Vienna, Austria," "Paris, France," "Sofia, Bulgaria."

8—NAME OF EMPLOYER, PLACE OF EMPLOYMENT.—If you are working for an individual, firm, corporation or association, state its name. If in business, trade, profession or employment for yourself, so state. If you are an officer of the State or Federal government, say whether your office is under the United States, the State, county or a municipality. In answer to the question as to the place of employment, give the street and number, the village or city, and the county and State where you work; as, "232 Main street, Chicago, Cook County, Illinois," or "R. F. D. No. 2, Jonesville, Ohio."

9—NAME AND ADDRESS OF NEAREST RELATIVE.—If you are married and your wife is living, her name should be stated. If you are single or your wife is dead, you should state the name of your nearest blood relative. In stating the address give the street and number, the city or village, and the county and State, or if your nearest relative does not live in the United States give the name of the city or village and the nation, as "Liverpool, England."

10—RACE, WHITE, NEGRO, INDIAN OR ORIENTAL.—No explanation necessary.
